The Global Fund.

The numbers don't lie: More than 4,100 people die every day from AIDS in sub-Saharan Africa, and almost 2,000 children are infected with HIV each day. (PRODUCT) RED works with companies, like Apple, to create (PRODUCT) RED branded products and direct up to 50 percent of gross profits from the sale of those products to the Global Fund to help fund AIDS programs in Africa. Since its introduction, (PRODUCT) RED has generated more than \$130 million for the Global Fund. And now you can make an impact by purchasing (PRODUCT) RED.
